Community Cleanup Planned for San Antonio Heights

San Antonio Heights residents won't have to drive to the landfill this weekend to get rid of old couches, tires, yard waste and other non-hazardous trash thanks to a Community Cleanup organized by Second District Supervisor Paul Biane, San Bernardino County Code Enforcement and County Solid Waste.

On Saturday, large trash and tire collection containers will be located in the Albertson Supermarket parking lot located at 2419 N. Euclid Ave. in Upland. Residents from the unincorporated areas can use the containers for free to dispose of old appliances, furniture, scrap metal and other waste. The containers will be available on a first-come, first-serve basis between 8 a.m. and noon or until filled.

"I want to make it easy for residents to keep their property free from unsightly debris," Supervisor Biane said. "Community Cleanups like this one encourage people to remove trash by, in essence, bringing the landfill to them free of charge."

Residents can dispose of tires with rims removed as long as the tires do not exceed 11 inches by 25.5 inches. Residents planning to bring 10 or more tires

should call (909) 387-5034 to make arrangements before the Community Cleanup.

Hazardous materials including motor oil, TVs, computer monitors, batteries, paint, chemicals, pesticides, drain cleaner and furniture polish will not be accepted.

During the last Community Cleanup in San Antonio Heights, residents disposed of 18 tons of trash including 3 ½ tons of metal and 50 tires that were recycled. The cleanups help discourage illegal dumping, which continues to be an issue in San Antonio Heights and throughout the County.
